Course Type Information

• Product Highlight courses provide detailed information on ATI’s product solutions and focuses on the needs each product fulfills.

• Integration courses help you better understand ATI’s products and services, and how to effectively integrate ATI into your program.

• Continuing Education Unit (CEU) courses are offered by ATI nurse educators for ATI educator institutions. The courses, which will cover a variety of topics to enhance your ability to be a strong and effective educator, are one hour long with CEU credits provided.

• Education & Training courses are free courses that provide both educational content and training videos to support educators. None of these courses qualify for contact hours or CEUs.

• Premium courses are presentations recorded from the ATI National Nurse Educator Summits. Premium CEU courses are available for additional purchase and are available, for free, to our ATI Complete faculty members.

• ATI Academy hosts live webinars on current topics in Nursing Education. These webinars are free for anyone to join and can be found at atiacademyevents.webex.com.

Price

• Integration, Product Highlight, Education & Training, and many of the CEU Courses are free to clients with a Director, Instructor, or Proctor account at atitesting.com.

• All Premium CEU courses will have a fee associated with them. Typically $20 per session or $150 per faculty member for all sessions (valid for two years).

• There are Premium Courses that don’t have a fee; those courses do not qualify for contact hours.

Let’s Get Started

TO ACCESS ATI ACADEMY, CLIENTS WILL NEED TO:

1. Log into the ATI Website with username and password.
2. Click “Go” under the “ATI Academy” section within the Faculty Homepage.
3. Clients will need to register for each course they would like to view.
4. If Complete clients need access to Premium CEU courses, please email the ATI Academy team at atiacademy@atitesting.com.

Contact your Client Executive at 800-667-7531 to learn more.
Continuing Education Units (CEUs) will be awarded.
